Office Hours were very helpful throughout the semester. Did a great job of making sure we were thinking through concepts as opposed to just checking whether our answers were right or wrong.

In discussion, only go over homework problems that are brought up. It less engaging when the students have to review a lot of things we already got right/understand.

Jeremy's awesome! He explains everything so well and is so patient with all of our questions and so friendly. Makes us feel less stressed.

Delivers information in a concise and quite frankly, perfect manner. Everything makes sense when Jeremy explains something.

Jeremy was incredibly clear in how he relayed class material. Also, he made it a point to involve everyone when it came to the office hours and the discussion sections. While the other graduate TAs were great as well, he was definitely the clearest.

Jeremy is incredible, I would say he was one of the most significant contributors to my learning in this course. He explains everything in such a clear way that makes it easier to understand. His discussion sessions were very helpful, well planned, and clearly addressed the parts of the lectures that were more confusing. Jeremy is one of the best TAs I've had in terms of his excellent ability to explain the most difficult course concepts.

Jeremy was an amazing TA. He was clear and concise with explanations and really increased my understanding of econometrics. He was also patient when I didn't understand. When he lead a section, his slides were extremely clear. I think he might be the best TA I've had so far. It is hard to explain econometrics well and Jeremy was really good at it.
